**Our Mission:**

To support and advance development activities that provide enhancements to Dodge City Community College and its students.

*Adventure Awaits...*

**CONQUISTADOR LEGACY**

**From the Director**  
**Growing Legacies!**

Two years has passed since sending the DC3 Foundation in a new direction; what a whirlwind!

Some major donors have become Friends of the Foundation and helped the Foundation to complete several projects on campus. The Conq Corral was updated, a walking track installed in the Student Activities Center (SAC), a Conq Lounge (for VIP ticket holders) in the SAC, a new trophy case to showcase DC3's National Championship trophies, a new parking lot, new equipment for the rodeo program, new equipment for athletic training program, grant assistance, and a fantastic new donor wall in the SAC. New scholarships have been set up, too for various programs!

The Annual Golf Classic was a success this past August as players and sponsors alike enjoyed the gorgeous weather on the green at Mariah Hills Golf Course. A little over \$8000 was raised to help with projects of the Foundation. Join us next August!

The DC3 Foundation Gala Dinner and Auction came back in style with "Lights, Camera, Auction!" on November 2, 2018. Nearly 300 guests gathered for food, fun, drink, and fundraising at the Student Activities Center. Some of the donated items featured a DC3 Conq baseball jersey signed by Reggie Jackson himself, a vacation home in Destin, Florida, and much more! Fundraising goals were surpassed with over \$60,000 raised for scholarships for immediate us and for the future!!

I am grateful for the volunteers and employees of DC3 that have made our efforts so fruitful. We have a long way to go but with your help, we can ensure the future of DC3 for years to come. Thank you!

~ Christina Haselhorst, Foundation Director

**Donor Spotlight - Discover The Story**  
**GIBSON'S PHARMACY – Dodge City**

Matt & Krista Morrison have been in Dodge City for a very long time. They are life-long residents to be exact. And in 2015, they made the commitment to continue the legacy of the local pharmacy, opened by Matt's parents in 1981. For nearly 40 years, Gibson's Pharmacy has been a staple in Dodge City, focusing on old fashioned customer service, cutting edge medical services, and long-term care prescription services.

In 2018, the Foundation and the Morrison family met to discuss the health and wellness of the community. The Gibson's Pharmacy Wellness Track was installed on the upper level inside the Student Activities Center in late summer 2018.

"It is exciting to work with the Morrison family," stated Foundation Director, Christina Haselhorst. "I have been inspired by their vision for the future of DC3 and for this community."

Greg Goff, Major Gifts Chair, added, "Matt and Krista are following the footsteps of Matt's parents, Mike and Marsha Morrison. This outstanding family continues a legacy of support through this donation of the track."

DC3 Athletic Director, Jacob Ripple agreed. "It has not only given the public a place to walk on a quality surface indoors, it has also been a huge addition for our athletic teams during inclement weather."

The track is open to the public Monday – Thursday from 8:00 am – 8:30 pm and Friday from 8:00 am – 6:00 pm. Game days, the track closes at 4:00 pm. It is not open on weekends, Christmas vacation, Thanksgiving vacation, or if the Activities Center is being used a shelter.

# Grant Provides Much Needed Science Upgrades

By Scott Edgar, DC3 Communication Assistant

Mary Scott will be using a recently awarded \$10,000 grant from the Procter & Gamble Fund of the Greater Cincinnati Foundation to purchase new microscopes for the Dodge City Community College science department. Scott, a biology professor at DC3, is especially appreciative of the Foundation's grant process. She says community colleges often fall into a gap when it comes to science grants.

"Many grants are aimed at K-12 schools," she said. "A lot of grants go to large universities that are more research oriented. So at the community college level, we can often get left out. But our students deserve good equipment to get them to the next step."

The biology department, through the DC3 Foundation will be purchasing four oil immersion microscopes with the grant funds which allow 1000x levels of magnification, enabling cellular and microbiology students to positively identify bacteria and other microorganisms. As part of the package, the biology department will also get an adapter head that will display the scope's image through a television screen, giving students an even larger look at specimens without having to stand in line to view a slide one at a time. The adapter head also takes digital pictures for reports or presentations.

"That is so helpful because now as a teacher, I know that the students are seeing what they need to be seeing," Scott said.

"I can literally point out details on a screen versus wondering if they're seeing the same thing I'm seeing."

Scott is grateful for the direct funds. She says many larger corporate grants benefit community colleges more indirectly, often as ancillary beneficiaries of programs run through larger schools.

"Our supplier really worked with us to get what we needed within the grant budget," Scott said. "The money goes right into what it was intended for. I cannot overemphasize the value of these four new microscopes to our school. It may not seem like much, but little by little, we can improve learning quality and availability."

The timing is good. The department's current microscopes are all at least a decade old. In addition, DC3 has seen a surge in microbiology enrollments, highlighting the need for updated equipment to keep up with the growing demand for science and medical courses, as well as trying to keep pace with what may be offered at other institutions.

The successful grant application was very much a team effort. Scott applied for the grant through the DC3 Foundation's status as a 501(c)(3) organization, and Foundation Director, Christina Haselhorst, provided valuable guidance regarding the overall grant process. Scott also received advice from Kathryn O'Neil, Assistant Professor of English at DC3.

"I chose to attend DC3 based on the affordability as well as the convenience. When I graduated high school, I wasn't sure what I wanted to do, and like many students in Southwest Kansas, I wasn't even sure what was available to me. DC3 provided a stepping stone from where I was at to where I didn't even know I wanted to be. DC3 bridged this gap in an affordable way and paved the way for my future success."  
 ~Neal Giebler, Class of 2010  
 Solutions Delivery Analyst,  
 St. Luke's Health System

"DC3 helped me to be where I am today. I chose it because it was flexible for me to be able to earn my degree. Since receiving my Associate's Degree in 2016, I am working on a Bachelor's degree. I will be the first one in my family to receive a Bachelor's degree."  
 ~Kierra Johnson, Class of 2016  
 Early Childhood Education  
 Substitute for USD 443

## Foundation Board News:

### Bill Turley and Steven Preston

The DC3 Foundation Board of Directors recently appointed Bill Turley and Steve Preston as new members of the Foundation Board.

Mr. Bill Turley graduated from Dodge City High School, DC3, and St. Mary's of the Plains College with a Bachelor's in Business. Bill is a lifetime resident of Dodge City and is a farmer and stockman. He has been Vice-President with Parker Haskins Insurance, Inc. in Dodge City for 25 years. He and his wife Sheri have been married for 30 years and have a son, Tanner (wife, Brittany) and a daughter, Tegan. They have 3 grandchildren, Jackson, Leighton, and Jett.

Mr. Steve Preston is also a Dodge City native. He is a 1972 graduate of DC3 and a graduate of Kansas State University with a Bachelor's Degree in Engineering. Mr. Preston worked for General Dynamics for 34 years, retiring as Vice President of Human Resources in 2014. During his career, Steve belonged to numerous organizations and served on a variety of boards including hospitals, educational institutions, and professional and civic organizations. He is married to Pamela (Wheaton), who is also graduated from DC3 in 1972. They have one daughter, Hailey (husband Benjamin Zimmerman IV) and two grandsons.

## DC3 President's Message...

Just prior to the advent of spring, I am excited for the resurgence of an attitude of cooperation and mutual interest between DC3 and our community.

Each month, leaders of DC3, USD 443, Ford County, and the City of Dodge City meet to discuss ways we can work together to promote the common welfare of Dodge City and Ford County. The DC3 marketing department is working to produce a series of videos featuring several of these discussions that will be available on Channel 8 and on YouTube.

The DC3 Construction Technology program has partnered with the Community Housing Association of Dodge City (CHAD) to build affordable housing for moderate income families. The CHAD program is a valuable tool, helping to revitalize our community, and DC3 is grateful to be a part of it as we also work together to build a vibrant and well-trained workforce.

Retail development south of campus on 14<sup>th</sup> Avenue is taking shape. I am grateful that the DC3 Board of Trustees had faith in community and city leaders and agreed to the land sale that allowed this vital development. DC3 will receive nearly \$10 million in tax benefits over the next 10 years from the project. It serves as an illustration of the great things we achieve when work together for the common good.

"DC3 gave me a great foundation and support network that gave me the confidence to transfer to higher education. While at K-State, I stay involved by being a member of the Kansas State University Marching Band Color Guard and am a Transfer Student Ambassador."

~Erin Slattery, Class of 2018  
Early Childhood Education/Full-time Student at Kansas State University

"It had been 20 years since I had been to school when I started at DC3. Even though I worked in Dodge City, I took online classes so I could still work full time. Everyone was great at helping me get back into the swing of homework, studying, and taking tests. I was 46 years old when I graduated DC3 and it has helped to strengthen my confidence in myself and shown my children and grandchildren that you are never too old to learn."

~Theresa Knox, Class of 2016  
Payroll Clerk

## Foundation Volunteers Matter!

Each day at the DC3 Foundation, we give thanks for our volunteers, for the giving of their time and talent to help us move the Foundation forward. Many times, our volunteers are also donors, giving of themselves in so many ways! In this issue, we'd like to spotlight a few of our volunteers who have helped in amazing ways this past year.

Greg Goff, Major Gifts Chairman, has taken on the job of finding major gifts with gusto and has made the Foundation what it is today. His passion for the Foundation and for DC3 is extraordinary and there just are not enough ways to thank Mr. Goff for everything that he does for us.

Floris Jean Hampton, DC3 Trustee and Foundation Board member, was invaluable during our set up and planning of the DC3 Gala Dinner and Auction. Mrs. Hampton is always quick to help in any situation without hesitation. We wish we had her energy!

If you ever want to find someone who goes above and beyond for the Foundation, look no further than Sheri Cook of Dodge City Brewing Co. A Foundation board member, Mrs. Cook can be counted on when the going gets tough as she will just magically appear in the Foundation office with a solution.

You don't have to be a member of our board to volunteer. Contact the office today to help us plan our next event!

## DC3 Athletics Welcomes Football Coach

Ricky Coon played for the Conquistador football program in 1999 and has been on the rise in the coaching world for a number of years. For the last five years, Coon has been at Southeast Missouri State University as the assistant head coach for the Redhawk Football program.

Coon's duties at Southeast Missouri State include serving as the co-defensive coordinator as well as the defensive line coach. The 2018 SEMO football team turned in an historic season as they made it to the second round of the NCAA Division 1 FCS playoffs. The SEMO defense set a number of school records as they led the FCS in both turnovers forced and turnover margin. They were also tied for third in the nation in defensive touchdowns scored with six on the year.

Prior to his time at SEMO, Coach Coon served for one season as the defensive coordinator at traditional NJCAA power Northwest Mississippi Junior College and also served three years as the defensive coordinator at Ellsworth Community College in one of their most successful stretched in their football program. Coon is no stranger to the Jayhawk Conference as he also has coached as the defensive coordinator at Highland Community College from 2007-2009.

Coach Coon started his duties immediately, coming to campus in early January, 2019. He is a graduate of Bethel College of Newton, KS with a degree in Physical Education and Recreation. He and his wife Amanda have four children: daughter Taryn, and sons Zane, Gunner, and Bryson.

## DC3 Foundation Gala Dinner & Auction

By Scott Edgar, DC3 Communication Assistant and Christina Haselhorst, DC3 Foundation Director

The Dodge City Community College Foundation Gala Dinner & Auction, sponsored by Western Plains Medical Complex, surged to life again on November 2, 2018 as nearly 300 people attended – smashing fundraising goals for the evening.

"We have so many people who understand the Foundation's mission," said Foundation Director Christina Haselhorst. "They were more than generous with donations for this event and the community responded in an incredible way! We more than doubled the proceeds of the 2015 auction!"

The theme for this year's auction was Lights! Camera! Auction! The Hollywood theme prevailed throughout the sold-out event, held for the first time on campus in the Student Activities Center.

Greg Goff, Foundation Major Gifts Chairman, presented the First Annual Ford Countian of the Year award to Carl and Linda Bjork for their outstanding volunteer service to the college and the community. The pair have helped to raise thousands of dollars for college and community sports programs over the years and Linda has participated in the DC3 Choral Union for over 15 years.

"The Bjorks are truly a once-in-a-lifetime family," Goff said. "Their incomparable commitment to Dodge City Community College and our community is remarkable and clearly illustrates the family's selfless leadership and enthusiasm for Ford County."

## New Scholarships At The DC3 Foundation! Thank you!

Floris Jean Hampton and family and friends donated funds for the *Marvin Hampton Memorial* for scholarships geared towards STEM scholars (Science, Technology, Engineering, and Math fields).

*ITC Holdings Corp.* donated a small fund for the DC3 lineman program here in Dodge City and another company, *American AgCredit* created a small scholarship for business majors.

Ross and Sonya Bjork established the Carl & Linda Bjork Scholarship for students majoring in Sports Management and/or with an interest in coaching, athletics training, or sports business who are from Dodge City and/or DCHS.

The family of former DC3 basketball coach *Dick Brown* set up a fund in Coach Brown's name. This scholarship is geared towards those students who are interested in coaching and education. We would like to thank the following people for donating to this memorial:

Gary & Jana Schwandt, Joan & Eldon Becker, Eleanor Pendleton, Roger & Susan Staats, Cathy Decker, John & Rebecca Gregg, Noel & Barbara Sylvester, Carol Carson, Fred & Susan True, Leona Kraus, Cynthia Sorrick, Dale Maltbie, Greg & Linda Goff, Harold and Chrystine Hosey, Eugenia Bonewitz, James Sieben, Minnie Sears, Robert Trego, Earl & Rosemary Wolf, Mike & Julie Clark, Donald Fisher, Charles & Jane Brehm, Marsha Ttee, Regna Powell, Steven & Vivian Brown, Barbara Pearce, Jeroline Cotter, Carolyn McKain, Harvey Page, Dr. Michael Byers, Laura Lutz, Dick & Becky Dickinson, Betty Hess, Antoinette Sieben, LaVetra Brown, Nancy Graves, Mark & Susan Hungerford, Betty Krenger, Sandra Messelt, Betty Koester, Roy & Jane Baker, Jim & Kathy Maag, Michael & Cheryl Sieben, Donald & Marilyn Surmeier, Patricia Swain, Jim Hardesty, Paul Sherer, Richard & Patricia Boomer, Bob Schuette, Phylis Clanton, Donna Brown.

Please see our full list of scholarships at [www.dc3.edu/foundation-alumni/foundation-scholarships/](http://www.dc3.edu/foundation-alumni/foundation-scholarships/).

"The evening was a fantastic time to connect with friends," said Dr. Harold Nolte, DC3 President. "It was just a great time and we got to see so many folks that we don't get to see nearly enough. It's heartening to see the generosity from so many in our community."

"This auction is one of the Foundation's primary fundraising activities to generate scholarship funds for DC3 students," Haselhorst said. "We want to thank everyone who contributed to this outstanding event!"

The DC3 Foundation Gala Dinner and Auction was made possible by **Marquee Sponsor**, Western Plains Medical Complex, and other generous community institutions. Those corporate sponsors include: **Red Carpet Sponsors** - Dodge City Brewing Co., National Beef, Building Solutions, Lewis Automotive Group, and Boot Hill Distillery; **VIP Sponsors** - Mark Fischer and Coldwell Banker-Greg Starks; **Silver Screen Sponsor** - Diamond Roofing; and **Box Office Sponsors** - David and Paula Ripple, Hellas Construction, Barney and Mia Korbelik, Carson Wealth-Ann Frigon, Sutherland's of Dodge City, Sunflower Bank, United Wireless, and Bucklin Tractor & Implement Co.

# DC3 FINE ARTS IN NEED OF ASSISTANCE

The Fine Arts have played a vital role in the life of Dodge City Community College since its founding over 80 years ago. With the legendary tenures of professors as Vernon Zollars (vocal music) and Jim Wilson (art) in the past, the Fine

Arts stand on the shoulders of giants. Current full-time faculty is made up of Devlin Goldworm, Professor of Art, Kerry J. Kuplic, Associate Professor of Vocal Music and Division Chair, Jason Laczkoski, Assistant Professor of Instrumental Music, and Jennifer Nolan, Associate Professor of Art. The faculty takes great pride in the positive rapport and the excellence in every student.

Recently, Kuplic reflected the uniqueness of the Vocal Music department compared to other institutions by showcasing the unique experience of international travel. In 2015, he took a group of students to Florence, Italy for a week of master classes, language study, and cultural immersion. The trip included a gala concert for such dignitaries as the Armenian Minister of Culture. In 2018, they flew to Ireland, where DC3 was invited to perform in the Dublin Choral Festival. The next international project, a collaboration with the University of Wisconsin-Green Bay, is for a concert tour of Eastern Europe. These international experiences are certainly important, but the experiences provided help students more fully understand their art, the world, and themselves. DC3 students have the incredible opportunity to be ambassadors for Dodge City

Community College, Kansas, and the United States.

At a recent concert at Immaculate Heart of Mary Church in Windthorst, KS, Kuplic spoke of the necessity of the arts and the affect they have. The pioneers who sacrificed to build that magnificent structure in Windthorst had no idea that one day their church would be used as a concert venue, but they built it anyway. It is the same with art; it is not known just how art will impact others, but it will and does. That is the magic of the arts.

We need you! DC3 Fine Arts wants to build on the outstanding and long history as a vitally important part of DC3. They have been able to produce outstanding concerts, music festivals, recitals, and art shows with limited resources and outdated facilities. However, they need new facilities, spaces, equipment, performance and a gallery space that will highlight the outstanding talent of DC3 students while providing modern, comfortable, and a user-friendly venue for stakeholders. This benefits ACT testing, church groups, area scouts, guest speakers, community events, and campus-wide meetings for faculty and students.

Your help in upgrading the facilities and equipment will allow future generations to benefit from your generosity – what a great legacy! To find out how your donation can be of immediate use and long-term benefit, contact the Foundation office or [finearts@dc3.edu](mailto:finearts@dc3.edu).

*Article by Kerry J. Kuplic, Associate Professor of Vocal Music and Fine Arts Division Chair. He is the Two-Year College Repertoire & Resources Chair of the Kansas Choral Directors Association, and is an active clinician, adjudicator, and speaker. Since 2016, he has been an Expert of the Romualdo del Bianco Foundation of Florence, Italy. He may be contacted at [kkuplic@dc3.edu](mailto:kkuplic@dc3.edu) or 620 227-9203.*

"DC3 was my first life choice as an independent person and was just the right size for me to succeed and excel scholastically and socially. DC3 provided me with a strong foundation to emerge as a trusted business professional and an asset to society. Through 15 years of business ownership, and years of volunteer work, I am proud and happy to reflect upon the opportunities that DC3 brought to my eyes, as seeing is believing. I'm a Conquistador forever!"

~Curtis J. Zerr, Class of 1989  
Broker, CIC, CRM, CSR

"DC3 provided an atmosphere that helped me acquire a solid foundation in science, as well as, giving me the opportunity to golf competitively. Over the past years, I have continued to grow in my appreciation for choosing to attend DCCC."

~Adam Zuzelski, Class of 2012  
4<sup>th</sup> Year Medical Student  
University of Kansas School of Medicine

# LEGACY CIRCLE

These generous people and companies have shown, and continue to show, great financial support for the DC3 Foundation which allows us in turn to support our DC3 Students! Knowledge is power, and community support from our Foundation family helps to spread that power throughout Southwest Kansas, the United States, and the world. We at the Foundation thank our donors for supporting us and all of our future Conquistadors. Please consider DC3 Foundation in your annual giving and/or estate planning. We need your commitment and partnership to empower the community. Help us build better, grow better, accomplish better, create better, and learn better at DC3! **Donations since 1-1-2018\***.
